

Does The Record Show That C. W. Hamlin Has At All Times Been 100 Per Cent American?

(Continued from page one)

President? Was he loyally supporting the Administration? This amendment was defeated by a vote of 125 for and 293 against. The vote of the Missouri members being as follows:

For the amendment: Decker, Dyer, Hamlin, Igoe, Meeker, Ruby and Shackelford.

Against the amendment: Alexander, Booher, Borland, Dickinson, Lloyd and Russell.

Not voting: Hensley and Rucker. (Congressional Record, Mar. 1, 1917, page 5231)

Was the gentleman from Missouri, Mr. Hamlin, when voting for this amendment aggressively asserting and fearlessly maintaining American rights?

Were Hamlin, Meeker, Decker, Dyer, Igoe, Rubey and Shackelford right in voting for this amendment, or were Alexander, Booher, Borland, Dickinson, Lloyd, and Russell right in voting against it?

Would the adoption of this amendment have pleased Germany? If it was what Germany wanted would it have been good for the United States?

How long would it have required for us to have whipped the kaiser had Mr. Hamlin's views on the embargo issue prevailed?

At this particular time Mr. Hamlin thinks we should not have a political campaign. If he felt this way why did he announce? He has now held the office more than twice as long as he contended a man should hold it, and when his present term shall have expired he will have held it for fourteen years and have drawn from the Government for his services One Hundred Thousand Dollars, besides a liberal allowance for clerk hire, mileage, etc. He surely does not contend that he alone among the 26,000 Democrats of this District is capable of representing us in Congress.

While he has been drawing \$7,500.00 a year in Washington during this war, I have in an humble way endeavored to do my part as a loyal and patriotic citizen. As Chairman of the Howard County Chapter of the American Red Cross, as Branch Chairman of the Military Training Camps Association, as Chairman of the Legal Advisory Board of my County, I have given freely and ungrudgingly of my time and money to my country. Although a candidate for Congress, during the Liberty Loan, Y. M. C. A. and Red Cross Drives I never left the borders of my county until we almost doubled our quota in each. I have and will continue to do all that I can to win this war, whether as a member of Congress or a private citizen.

We now hear on many sides the old Congressional Trust Song of a "new and untried man." We are told that is is very dangerous to make a change. It is all right to change Governors, Presidents, Army Commanders, Members of the Cabinet, or other officers, but only at great peril can "new and untried" men be sent to Congress.

If I am nominated and elected to Congress I will not only be willing at all times to cast a 100 per cent American vote on all matters in any way relating or pertaining to the war, but will actively support the Administration and such measures as will bring the war to a successful conclusion and will oppose with all the zeal, ability and energy I possess any measure which would in any way retard that purpose.

On this platform I ask the support of the Democrats of this District, and that the nomination this time be given to a county whose Democratic vote has made the election of a Democratic Congressman possible in this District and which has not

RESULTS TELL.

There Can be No Doubt About the Results in Lexington. Results tell the tale.

All doubt is removed. The testimony of a Lexington citizen can be easily investigated.

What better proof of merit can be had?

Henry Kroeck, Sr., retired farmer, 2009 Main St., Lexington, says: "The grip left my kidneys awfully weak and they acted much too frequently, day and night. The passages of the kidney secretions gave me much annoyance: I had to get up many times during the night. Doan's Kidney Pills gave me great relief and I keep them on hand now to use as a preventative."

An Open Letter to the Educational Institutions of Lafayette County.

Lexington, Mo., June 10, 1918.

At a recent meeting of the County Council of Defense of Lafayette County, Missouri, it was unanimously voted that in view of the fact that a state of war exists between the United States and the German Empire, and that German is the language of the enemy, it is for the promotion of the best interests of our Nation that only the English language be used in all our educational institutions.

The Council therefore requests that all schools in Lafayette, of every kind and class that have been heretofore using the German Language, in whole or in part in their work, dispense with same and use English entirely, and we further request that all schools complying with this request notify us of that fact at your earliest convenience, and also that any school declining to comply will also advise us of that fact.

The county papers will be requested to publish this letter, which is the only notice interested parties will receive, at this time, of the action of the Council.

Respectfully,
E. M. Taubman, Chairman
Attest
C. A. Keith, Secretary.

Lend Your Money As Freely As They Are Giving Their Lives

You don't have to fight, you don't have to die.

But—

Your son does, or your brother who is now across the way—or the kid now in khaki to whom you use to give pennies a short time ago.

That money you have laid away for "a rainy day"—won't you give every nickel of it to keep a Hun's knife away from his throat?

Well, the Hun is here, and so is his knife--and so is the "rainy day" --it's raining now, raining bombs and shrapnel upon our boys "over there."

JUNE 28th NATIONAL WAR SAVINGS DAY

On that day the nation will call upon you, not just your neighbor--but you--to pledge yourself to the purchase of a certain number of War Savings Stamps during 1918

Lend your money as freely as they are giving their lives.
